Wilmington NC.

Our experienced staff of manufacturer-certified technicians provides the highest level of service you demand and expect. Our uniquely qualified team is standing by ready to assist on a wide variety of Life Saving Appliances (LSA). We offer Class Supported Professional services where manufacturer's support is not available in cooperation with each vessel's flag state.

Approved by American Bureau of Shipping and Lloyds Register members of the International Association of Classification Societies, we are constantly mindful that it is an honor and a privilege to provide our customers with services and equipment for the safest possible voyage. The utmost care is used during our thorough LSA examinations.

For your next annual or 5-year inspection, please contact Vane Brothers Marine Safety and Services via email. Service quotes are provided upon request.

Photographs are taken on every job at each phase of the inspection to further demonstrate our confidence and commitment to our customers.
